

UNMATCHED PRODUCT QUALITY

Features & Benefits

- Simplified and more reliable design vs OE
- Meets OE performance and functionality

Performance Tested

- Life cycle tested
 - 1,500 fuel gun insertions performed
 - represents 300,000 Km or 186,000 Miles of use
- Temperature cycle tested
 - exposed to -42°C / 70°C or -44°F / 160°F
- Fuel soak tested
 - gasoline
 - E85
 - diesel
 - biodiesel
